MEMORANDUM FOR: [REDACTED] STAT
Deputy for Services/HOME/OL

FROM: Deputy Director, Office of Legislative Liaison

SUBJECT: Transportation

Mike:

1. We had an extremely busy week last week and had one trip in which the Motor Pool failed to provide service.
2. We still have not been told that a second driver has been assigned to us on a permanent basis. Right now it appears that our second driver is only available for us if she is not answering another requirement.
3. Let me suggest that you give us a permanent second driver who will be available for Motor Pool use whenever we are not using her.
4. I should also warn you that when we run eleven Congressional hearings a day, like we did last Thursday, we may need to ask Motor Pool for assistance above the two regular drivers. I assume our having two permanent drivers does not preclude this. Be happy to support your next budget request any way I can.
